HTML, CSS, JavaScript, TypeScript, React, Figma, Git

Projects

Community volunteering web app

Built the front end for a volunteer sign-up site using React components and TypeScript, connecting the pages to a REST service to fetch and submit shifts. Reviewed teammates' pull requests on GitHub.

Technologies: React, TypeScript, Git

Bus arrival app redesign

Interviewed six commuters about their frustrations, sketched new flows and made a clickable Figma prototype. Ran a usability test with five users and revised the design based on where they hesitated.

Technologies: Figma

Accessible portfolio site

Rebuilt a personal site to meet WCAG contrast and keyboard-navigation guidelines and checked it with a screen reader.

Technologies: HTML, CSS, JavaScript

Experience

Design club committee member

Produced posters and social graphics for club events in Adobe Illustrator and kept the club's colour and font guidelines consistent.

Technologies: Adobe Illustrator
